Abstract of Issue:
Inspection of Boom Electrical Wiring

Reason For Release:
Chance Rides Manufacturing, Inc. has become aware that the wiring at the boom collector rings on the ZIPPER amusement ride can wear against the collector ring cover. This can result in wearing through the insulation or even break the wires.

Action to be Taken:
Chance Rides Manufacturing, Inc. requires all owner/operators of ZIPPER amusement rides to inspect the wiring near the collector ring cover immediately on receipt of this bulletin, then monthly thereafter.

Use only those components authorized, specified or provided by Chance Rides Manufacturing, Inc. All applicable OSHA safety standards and safe industry practices must be observed.
