ON-DESTRUCTIVE TESTING AND SAFETY MODIFICATIONS POLICY FOR TIVOLI, LTD.

All Tivoli manufactured Amusement Rides are designed to the highest degree of safety and quality. In depth engineering and design analysis has been incorporated into all equipment produced. Tivoli, Ltd. therefore, requires no scheduled testing by non-destructive means for the engineered life of the components, unless listed below, issued to customer in the form of a service or safety bulletin, or indicated in Operation Manual.

It should also be understood that this policy is based on the operator/owner exercising proper maintenance and care procedures of all components according to the manufacturers' specifications, along with routine visual inspection of all structural components for any unusual circumstances. Any unusual circumstance must be reported to the manufacturer immediately.

In the event that a fault or potential safety problem is discovered through our own testing or field experience requiring an annual test or modification, information concerning these tests or modifications will be made available immediately to the owner of the equipment.

Below are listed all current safety service bulletins or equipment modification bulletins.
